WEST CHESTER, Ohio – October 27, 2015 – AtriCure, Inc. (Nasdaq: ATRC), a leading innovator in treatments for atrial fibrillation (Afib) and left atrial appendage management, today announced third quarter 2015 financial results.

"We are pleased with our performance in the third quarter and excited about our prospects for sustained growth," said Mike Carrel, President and Chief Executive Officer of AtriCure. "With our recent release of CryoForm in the EU, our acquisition of nContact and our strong product and clinical pipeline, we are well positioned to continue addressing the large and expanding market opportunities ahead of us. We remain focused on our goal of expanding treatment of atrial fibrillation and improving patients' lives."

#### Third Quarter 2015 Financial Results

Revenue for the third quarter of 2015 was \$31.4 million, an increase of \$4.7 million or 17.8% (20.6% on a constant currency basis), compared to third quarter 2014 revenue. Domestic revenue increased 23.0% to \$24.7 million, driven by strong sales of ablation-related open-heart products, ablation-related minimally invasive products, and AtriClip products. International revenue was \$6.7 million, an increase of \$0.1 million or 2.1% (13.2% on a constant currency basis) compared to \$6.6 million for the third quarter of 2014. International revenue growth was driven primarily by increases in product sales in Asia and the United Kingdom which offset the decline in the Euro-Dollar exchange rate between quarters.

Gross profit for the third quarter of 2015 was \$22.5 million compared to \$18.9 million for the third quarter of 2014. Gross margin for the third quarter of 2015 and 2014 was 71.5% and 70.8%, respectively.

Operating expenses for the third quarter of 2015 increased 45.2%, or \$8.9 million, compared to the third quarter of 2014. The increase in operating expenses was driven primarily by an increase in selling,

clinical, marketing, and training expenses and the favorable impact of the fair value adjustment of Estech contingent consideration recorded during the three months ended September 30, 2014.

Loss from operations for the third quarter of 2015 was \$6.1 million, compared to \$0.8 million for the third quarter of 2014. Adjusted EBITDA, a non-GAAP measure, was a loss of \$2.2 million for the third quarter of 2015, compared to a \$3.2 million loss for the third quarter of 2014. Net loss per share was \$0.22 for the third quarter of 2015 and \$0.02 for the third quarter of 2014.

#### 2015 Outlook

Management projects that 2015 revenue will be in the range of \$129.5 million to \$130.5 million, which represents an increase of 20% to 21% over 2014 (22% to 24% on a constant currency basis), including the impact of the nContact transaction.

Management projects adjusted EBITDA, a non-GAAP measure, to be a loss in the range of \$10 million to \$12 million for 2015, including the impact of the nContact transaction. For a reconciliation of this non-GAAP measure to its directly comparable GAAP measure, see attached financial tables.

#### 2016 Outlook

For 2016, AtriCure projects consolidated revenue growth of 25%. For 2016, adjusted EBITDA loss is expected to increase over 2015 due to integration, commercial expansion and clinical costs resulting from the nContact transaction, with the impact slowing in 2017. The company expects to be adjusted EBITDA positive for full year 2018.

Our management believes that in order to properly understand short-term and long-term financial trends, investors may wish to consider the impact of these excluded items in addition to GAAP measures. The excluded items vary in frequency and/or impact on our continuing operations and our management believes that the excluded items are typically not reflective of our ongoing core business operations. Further, management uses results of operations before these excluded items as a basis for its strategic planning. The non-GAAP financial measures used by AtriCure may not be the same or calculated the same as those used by other companies. Reconciliations of the non-GAAP financial measures used in this release to the most comparable GAAP measures for the respective periods can be found in tables later in this release.
